

Aykos Guard Eco 5W-30

High-performance low-friction engine oil for engines
with and without exhaust aftertreatment system

Product description and properties

Aykos Guard Eco 5W-30 is a modern low-friction engine oil for petrol and diesel engines, including pump-nozzle systems. It protects catalytic converters, reduces deposits in the diesel particulate filter (DPF) and lowers emissions. High-performance additives offer optimum wear protection and extend oil change intervals. Excellent cold-starting properties promote engine life.

Aykos Guard Eco 5W-30 provides:

- Optimum low-temperature properties guarantee a problem-free cold start and extend engine life.
- Modern additives ensure optimum wear protection and a high level of engine cleanliness.
- The outstanding thermal stability reduces oil ageing and enables longer oil change intervals.
- The low sulphur, phosphorus and ash content protects catalytic converters, reduces deposits in the diesel particulate filter and cuts emissions.
- The innovative formula ensures maximum performance and reliability under all operating conditions.

Application

Aykos Guard Eco 5W-30 is a high-performance, low-friction engine oil for petrol and diesel engines, including pump-nozzle systems and light commercial vehicles. It is ideal for engines with catalytic converters and diesel particulate filters (DPF).
