

Aykos LONGLIFE ULTRA III 5W-30

High-performance low-friction engine oil for car engines

Product description and properties

Aykos LONGLIFE ULTRA III 5W-30 is a modern high-performance, low-friction engine oil offering excellent wear protection and high cleaning performance. The innovative formulation provides a high level of performance and reliable engine protection. Its compatibility with diesel particulate filters (DPF) and catalytic converters in gasoline engines supports the service life and trouble-free operation of exhaust aftertreatment systems while contributing to improved fuel economy.

Aykos LONGLIFE ULTRA III 5W-30 provides:

- Excellent oxidation resistance for delayed oil ageing and longer oil change intervals.
- Very good low-temperature properties for trouble-free cold starts.
- Effective cleaning additives to reduce the formation of deposits and sludge.
- Low ash content to reduce particle build-up in diesel particulate filters.
- Reduced sulphur and phosphorus content to protect catalytic converters.

Application

Aykos LONGLIFE ULTRA III 5W-30 is recommended for modern vehicle engines, particularly high-performance gasoline and diesel engines in passenger cars, sports cars and light commercial vehicles.

Specifications / Recommendations

ACEA C3
