

Aykos PS 10W-40

High-performance low-friction engine oil for car engines

Product description and properties

Aykos PS 10W-40 is a semi-synthetic engine oil for petrol and diesel car engines, including those with turbochargers. It reduces fuel and oil consumption, protects against deposits and ensures reliable wear protection. Its viscosity range makes it suitable for all-season use and ensures clean engines under demanding conditions.

Aykos PS 10W-40 provides:

- Reliable wear protection
- Protection against deposits and blockages
- Excellent lubricating properties
- All-season use due to wide viscosity range
- Extended service life due to modern oxidation inhibitors

Application

Aykos PS 10W-40 is ideal for modern petrol and diesel car engines, both with and without turbochargers. It ensures reliable protection and performance under difficult operating conditions and is ideal for all-season use.
