

# Aykos Smart Moly Green 10W-40

High-performance low-friction engine oil

## Product description and properties

**Aykos Smart Moly Green 10W-40** is a high-performance, low-friction engine oil that impresses with its modern additive technology, selected base oils and a special additive. It reliably prevents deposits, reduces friction losses and provides optimum protection against wear. Das **Aykos Smart Moly Green 10W-40** is characterised by its high shear stability and low viscosity, which enables both fuel savings and an extended engine service life.

**Aykos Smart Moly Green 10W-40** provides:

- Excellent performance at high and low temperatures
  - Reduction of friction and wear
  - Outstanding protection against wear
  - High resistance to ageing
- Stable shear properties for long-lasting performance

## Application

**Aykos Smart Moly Green 10W-40** is ideal for modern petrol and diesel car engines, both with and without turbochargers. It offers reliable protection for long oil change intervals and fulfils the requirements of engines under high loads.
